

July 25 1865

Mr

I have reported to the General the
 that I had received information
 from you that, in your opinion, the Dis-
 turbances in the Western Virginia district are
 likely to continue - and that you are
 recently arrived from the spot -
 You mentioned some other circumstances
 relative to the military being in an
 apparent difficulty and in activity - which I did
 not think it right to report, unless I
 should receive a written permission from
 yourself, that I could consider the matter
 commensurate

communications to be official -

If I am entitled to view your
general statements as not private ones
I feel that I have a very simple and
easy duty to perform.

I am for
your obedient servant
W. W. W.

To Mr. Holt Esq
